*Verse 1*      **Princesses in flowing gowns  
All locked in towers  
Where they're softly sleeping  
Put there for safe keeping**

*Verse 2*      **Noble lords with paper swords  
Come rescuing  
in armor brightly gleaming  
And banners bravely streaming**

*Chorus 1*     **Here You Are Believing  
All the stories you are dreaming  
Fairy tales you see with open eyes dear  
Watch them come alive dear**

**All the magic worlds I loved  
All have left me**

*Verse 3*      **Woken from her slumbering  
A prince beside her bed  
is gently kneeling  
Her royal kiss receiving**

*Chorus 2*     **Here You Are Believing  
All the stories you are dreaming  
Fairy tales you see with open eyes dear  
Watch them come alive dear**

*Bridge*        **All the days spent waiting  
For my dreams to come true  
All that I want is to see again  
Believe again and dream once more**

*Chorus 3*     **Here You Are Believing  
All the stories you are dreaming  
Fairy tales you see with open eyes dear  
Watch them come alive dear**

**All the magic worlds I loved  
All have left me**
